Quezon City, Philippines | [kimbrianreyes4@gmail.com](mailto:kimbrianreyes4@gmail.com) | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

## PROFESSIONAL PROFILE

---

Graduating BS Information Technology scholar with hands-on experience building full-stack web and mobile applications. Bridges complex software architecture with intuitive user experiences, integrating AI-driven solutions to create adaptive, scalable systems. Seeking an entry-level to junior full-stack developer role to contribute, grow, and deliver impactful software.

## EDUCATION

---

**Quezon City University** Quezon City, Philippines  
*Bachelor of Science in Information Technology — Scholar | 2022 – Present (Expected June 2026)*

**Gardner College Diliman** Quezon City, Philippines  
*Senior High School, STEM Strand | 2020 – 2022*

## EXPERIENCE

---

**Freelance Web Developer** 2026 – Present

*Crown Equities Inc. – Document Management System*

- Built a document management system for Crown Equities Inc., enabling internal staff to efficiently manage and update company document content without technical intervention.
- Integrated an AI-powered chatbot using OpenRouter AI models to handle user inquiries and improve client-facing interactions on the website.

**Tech:** PHP, JavaScript, Bootstrap v5, MySQL, OpenRouter AI Models

**SaaS Front-End Developer** 2026 – Present

*FMC Messaging API – SMS API Platform, Philippines*

- Developed and maintained frontend features for a production SMS API platform, enabling seamless send/receive message workflows for Philippine businesses.
- Designed API-aligned UI/UX patterns and collaborated cross-functionally to deliver consistent, responsive interfaces.

**Tech:** PHP, JavaScript, Bootstrap v5, MySQL, RESTful API

**Lead Developer — Capstone Project** 2025 – 2026

*ResQC – Mobile Emergency Response System*

- Directed a cross-functional team of 6+ members to design and deliver a mobile emergency response system from concept to deployment.
- Architected real-time geolocation tracking and A-Star-based route optimization for dispatch coordination and field visibility.
- Defined technical standards, delegated tasks, and ensured on-schedule delivery of all core system modules.

**Tech:** Expo, React Native, Firebase, Mapbox GL, A-Star Algorithm, Cloudinary

**Web Developer - Intern** 2025 – 2026

*FortMED CMS Website – Clinic Content Management System*

- Built a responsive clinic CMS enabling non-technical staff to manage content independently, reducing update overhead.
- Integrated conversational AI (Gemini API) and analytics dashboards to enhance patient-facing interactions and site performance visibility.

**Tech:** PHP, Bootstrap v5, Gemini API, Chart.js

## TECHNICAL SKILLS

---

**Frontend:** React, Next.js, TypeScript, Tailwind CSS, Bootstrap v5

**Backend & Data:** Node.js, PHP, Firebase, Supabase, MySQL, Render

**Mobile:** React Native, Expo

**Tools:** Git/GitHub, Vercel, VS Code,

**AI Tools:** Claude Code, OpenAI Codex, Gemini CLI, Google Antigravity

**Core Strengths:** Problem Solving, System Design, Agile Mindset, Team Collaboration, Adaptable Learner
